

## Pic's from Week One

## The first trip of 2011

Its a shame about the rain,  
but all the same,  
the group is having a blast,  
so much water they have past,  
through and over,  
as well as around,  
i hope they'll remember,  
through to the month of December,  
the fun they are having,  
and memories they are saving.
